2 cups Mixed Fruit
3 cups Cobbler Mix

DIRECTIONS
1. Preheat oven to about 350°F while you prepare the cobbler
2. Prepare the fruit as necessary; rinse from the container, slice into smaller pieces, and transfer into an 8”x8” baking dish (leaving an inch of space for the cobbler mix)
3. In a separate bowl, prepare cobbler mix per the instructions on the box to form a crumbly dough
4. Pat handfuls of dough into thick palm-sized disks and lay them over the fruit filling to make a cobblestone appearance. Bake for 45-55 minutes
